TIKTOKS

March at NX Direct was all about growth, connection, and celebrating success! We kicked off the month at our first leadership conference of the year, where we had the opportunity to learn from top leaders, network with like-minded professionals, and celebrate our achievements at a memorable awards dinner. Outside the office, we kept the energy high with a team night at Pretty Little Tacos, sharing great food and even better company. We also made the most of the little moments—running errands together and staying productive as a team—because at NX Direct, every experience is an opportunity to grow stronger together.
